Office Action Summary

Art Unit: 1642

### DETAILED ACTION

1. Applicant's amendment filed 1/29/02 (Paper No:5/B) are acknowledged. Accordingly, claims 1, 5-7, 11-12, 14, 16 are amended and claims 3-4, 9-10 are canceled without prejudice.

Claims 1-2, 5-8, 11-16 are being examined.

### *Response to Arguments*

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

3. The rejection of claims 12 under 35 U.S.C. 112, 1st paragraph is withdrawn in view of the arguments as well as the amendment to recite "small cell lung cancer", which the reference of Jennemann et al has shown to be enabled.

1-2, 5-8, 11-16 *Reissue*  
4. The rejection of claims ~~1-2~~ under 35 U.S.C. 103(a) is maintained. Applicant's arguments and amendments have been considered but they are not persuasive. Applicant argues that claims have been amended to recite small cell lung cancer. However, Applicant's amendment is not persuasive to withdraw the rejection. Jennemann et al teaches the administration of a fucosylated GM1 ganglioside conjugated to KLH, and also teach that the administration of similar antigens with QS-21 was able to induce an immune response in humans in the treatment of melanomas- page 383 of Jennemann (It appears that the last office action was a little confusing with respect to Jennemann et al and adjuvants such as Quilla or QS21- the action meant to have conveyed that Jennemann does not teach QS21 or Quill A in conjunction with Fucosylated GM1). The references of Vangsted and Kensil provide the motivation and reasonable expectation of success of using a fucosylated GM1 conjugated to a carrier, and administered to a subject for preventing or treating small cell lung cancer.

5. No claims are allowed.

6. **THIS ACTION IS MADE FINAL.** See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
